18. M/s Sensea Mercantile Academy Private Limited
19. M/s Shivani Films
20. M/s TALK N SOLVE
21. M/s TATA Consultancy Services Limited

### 3.1 Technical Evaluation

A TEC meeting was called upon by the Hydrographic Chief on 21-07-2020 and subsequently on 18.08.2020 by I/C Hydrographic Chief.

Detailed discussion regarding marking system for approvals and the reasons of negation were deliberated. After detail discussion in length, TEC decided that as the tender condition do not stipulate submissions of work completion certificates along with EOI and also has permission for seeking documents if any required, a letter should be sent to all the bidders for seeking the documents of work order and completion certificate dated before the submission of the EOI. Accordingly, all the parties were requested by letter dt.19.08.2020 to submit the document as stated above latest by 28.08.2020 at 5.00PM.

Detail technical evaluation was done based on the evaluation criteria specified in the EoI and way decided in response to pre bid queries and documents submitted by agencies in response to IWAI letter dt. 19.08.2020.

Summary sheet for bidder's compliance to the EoI conditions was prepared and at Annex-1 enclosed.

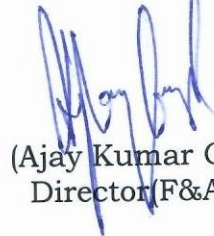

### 4.0 "TEC" RECOMMENDATIONS

EOI for "e-learning solution for IWT sector at NINI" was opened on 19.06.2020 and above twenty one bidders have participated in the EOI. Subsequent to technical evaluation to review the evaluation a meeting was called on dt.06-10-2020 at 16.00 hrs. by the Chief Engineer and Hydrographic chief (I/C) in the presence of the all TEC members deliberated the marking entries provided in the EOI and the marking system being adopted for awarding marks. It was observed that the marking system for submission of number of documents, details and extent of methodology for software and hardware in various sections is not clear and it may create ambiguity and may be objectionable.

TEC has not found logical solution for finalizing the bids and recommended to cancel all the bids and also to explore alternate solution for e-learning solution at NINI.
