3	Experience of the Firm related to similar works/ experience	20	A Firm applying for Proposal should have Experience of collection and management of road inventory data and condition assessment and traffic data or setting up road asset management system or setting up of bridge management systems for highway projects of 5000km lane length in last 5 years from the date of bid submission. Data collected on multiple projects/sections will be added Example: Project A= 400km, Project B 500km, Total =900km	10 [1 mark for each additional 1000 km subject to a maximum of 20 marks]	Yes, Bidder given in T2 format (page 7-8) with lane 20,633 Km.start date is April-2011 end Completed the scope of work by June-2015.The remaining work for compliance to the security Audit of the Odisha RAMS(O-RAMS) completed in August 2016 refer pg. 10 -11 of TechnicalDocumentsII (out of 20633 km only 5045km is SH) It is clear from clarification received from the bidder that the work was completed in June 2015 and only Security audit done after that. For evaluation 75% of 5045 km is considered 2. In the second project(page 25-26) bidder attached work completion certificate of Govt. of Assam at pg.28-30 of TechnicalDocumentsII which specify data collection through NSV is 9112 Km. But length of SH.NH is not bifurcated. In the clarification, Bidder explained SH length is 3134km as per Annexure 4 of Clarifications. Bidder has also justified that data of 3134km collected for 3 years, as per Annexure 5, Inventory & condition collected Once and roughness for three years and as per para below table on Annexure 5, there role is full management support id data collection. So Project of Assam will be considered for RAMS developemnt for length of 3134km as 75% as lead partner. Total Length=(5045x0.75)+(3134x0.75)= 6134km	20	Meets requirement. 1. Bidder given in T2 format for length of 9315 km on page 35 for three years. The project is executed in 3 years and data collected for 3 years. The project executed in JV but percentage is not mentioned. 2. Data collected for TOT project of 2 lane is 1054km = 2108 km lane length 3. (page 41) with lane 19,126 Km.start date is March - 2019 and Completed by April-2020. Certificate of completion issued by Govt of Karnataka but bifurcation of length SH/MDR etc. is not mentioned in certificate pg. 42 of Technical_Documents_1. 4. at page 45, 4200km data collected for govt. of Karnataka but bifurcation not mentioned in certificate 5. At page 47, 60000 km data collected for SH and MDR and date of completion is Mar.2016 6. Page 50, 49625 km complited but this is for non-core road network. 7.
