Sub: Deferment of Vehicle Parking Tenders at AAI Airports-reg.

As a part of systemic improvement, Commercial Dte. CHQ, is in the process of revamping the existing vehicle parking policy. In addition to this, for the purpose of increasing the participation in the vehicle parking tenders at AAI airports a fresh empanelment process is being done simultaneously.

2. In light of the above, the following directions are given in the matter:

- i. All the airports where the vehicle-parking contract is expiring in next six months may defer inviting fresh tenders for at least 6 months or circulation of reformed NIT by CHQ, whichever is earlier.
- ii. All the Airports where the vehicle parking tenders have already been invited but the financial bid is yet to be opened may not proceed further with the tender.
- iii. However, all the Regions/ Airports may continue managing the vehicle parking facility at the respective airports as per the existing policy provisions in this regard including short term / stop gap tenders.
