

Government eProcurement System Created By: DINESH KUMAR BELLANI Created Date/Time: 20-Jan-2023 04:44 PM Tender Title: GAIL/GDR/LPG/CNP/W2K2225 Tender ID: 2022_GAIL_130235_1

Tender Inviting Authority: Gail India Lts.

Name of Work: SITC OF LIGHTING PROTECTION SYSTEM AT GAIL (INDIA) LIMITED, GAS PROCESSING UNIT, GANDHAR

Contract No: GAIL/GDR/LPG/C&P/ELECT/W2K2225 (Tender ID - 2022_GAIL_130235_1)

SCHEDULE OF WORK / ITEM(S)

Sl.No	Description of Work / Item(s)	No.of Qty	Units	Estimated Rate	JEF Techno Solutions Private Limited(GSTN-29AAAC12639M177)		Roksna India Private Limited(GSTN-NA)	
					Rate	Amount	Rate	Amount
1.00	Supply, Installation, Testing & Comissioning of Vertical Air Terminal.The Air terminal shall be made up of aluminium of 1000 mm length. The air terminal material and dimension shall comply the requirements of IEC 62561-2 & shall be tested for lightning current as per IEC-62305. The Air terminal shall be fixed on the concrete block & Metal stand along with support plate with help of neccessary fixtures suitable for mounting on the terminals as per site conditions. For further connection with round conductor provision of connecting clamp to be provided along with Air Terminal, such that whole assembly is ready to install. However manufacturer test certificate for the same is required.For installaion part brief please go through SOW & SCC	25.00	Each		5661.00	141525.00	2770.00	69250.00
2.00	Supply, Installation, Testing & Comissioning of Vertical Air Terminal.The Air terminal shall be made up of aluminium of 1500 mm length. The air terminal material and dimension shall comply the requirements of IEC 62561-2 & shall be tested for lightning current as per IEC-62305. The Air terminal shall be fixed on the concrete block & Metal stand along with support plate with help of neccessary fixtures suitable for mounting on the terminals as per site conditions. For further connection with round conductor provision of connecting clamp to be providedalong with Air Terminal, such that whole assembly is ready to install. However manufacturer test certificate for the same is required.For installaion part brief please go through SOW & SCC	12.00	Each		7055.00	84660.00	3550.00	42600.00

3.00	Supply, Installation, Testing & Comissioning of Vertical Air Terminal.The Air terminal shall be made up of aluminium of 2000 mm length. The air terminal material and dimension shall comply the requirements of IEC 62561-2 & shall be tested for lightning current as per IEC-62305. The Air terminal shall be fixed on the concrete block & Metal stand along with support plate with help of neccessary fixtures suitable for mounting on the terminals as per site conditions. For further connection with round conductor provision of connecting clamp to be providedalong with Air Terminal, such that whole assembly is ready to install. However manufacturer test certificate for the same is required.For installaion part brief please go through SOW & SCC	5.00	Each
4.00	Supply, Installation, Testing & Comissioning of Vertical Air Terminal.The Air terminal shall be made up of aluminium of 2500 mm length. The air terminal material and dimension shall comply the requirements of IEC 62561-2 & shall be tested for lightning current as per IEC-62305. The Air terminal shall be fixed on the concrete block & Metal stand along with support plate with help of neccessary fixtures suitable for mounting on the terminals as per site conditions. For further connection with round conductor provision of connecting clamp to be providedalong with Air Terminal, such that whole assembly is ready to install. However manufacturer test certificate for the same is required.For installaion part brief please go through SOW & SCC	3.00	Each
5.00	Supply, Installation, Testing & Comissioning of Vertical Air Terminal.The Air terminal shall be made up of aluminium of 3000 mm length. The air terminal material and dimension shall comply the requirements of IEC 62561-2 & shall be tested for lightning current as per IEC-62305. The Air terminal shall be fixed on the concrete block & Metal stand along with support plate with help of neccessary fixtures suitable for mounting on the terminals as per site conditions. For further connection with round conductor provision of connecting clamp to be providedalong with Air Terminal, such that whole assembly is ready to install. However manufacturer test certificate for the same is required.For installaion part brief please go through SOW & SCC	1.00	Each
