TEC Observations: It was brought to the notice of the Committee that this tender was earlier floated during October, 2021 and online technical bid was opened on 16.11.2021. M/s Pan India Consultants Pvt. Ltd., Gurugram was only the single bidder and it was recommended to re-tender without asking clarifications. TEC further observed that wide publicity was given, yet only one valid bid has been received for the items. These Hydrographic Survey equipment are very specialized system which are used by mariners for precise navigation. These requires expertise, after sale support and financial capability and hence availability of such firms is very limited in India.

In view of the above and to save NIT expenses and time & cost overrun, the **TEC recommends to technically qualify the single bidder, i.e. M/s Pan India Consultants Pvt. Ltd., Gurgaon for Schedule 'A', 'B' and 'C' and to open their financial bid.**
