Note:1- The bidder has claimed Bid Capacity of Rs. 162.94 cr at the time of submission of its response to clarification with number of ongoing works as 22. However based on the supporting documents submitted for completion of value of ongoing works, the bid capacity arrived/calculated as Rs. 40.01 cr. which is reported in our Report dated 31.10.2022.

Further, the bidder has submitted the updated Bid Capacity in compliance to Note 4 of clause 2.2.2.1 of RFP and claimed Bid Capacity of Rs. 177.86 cr. The 22 number of ongoing works are same; however the bidder has provided the Revised Value of two ongoing works and also changed the completed value of some ongoing works. Since, the supporting documents are not provided for changed completed value therefore the completed value as considered earlier remains same and the Revised Value of ongoing works provided by the bidder has been considered.

The Bid Capacity, based on the above information, is calculated as Rs. 27.43 crore which is less than required Bid Capacity of Rs. 36 cr. Therefore, M/s. Note:2- The Bid Capacity, based on the above information, is calculated as Rs. 36.54 crore which is more than required Bid Capacity of Rs. 36 cr. Therefore, M/s.
