

CORRIGENDUM – 4

Ref. No.: GAIL/KOC/C&P/FL052/2022-23/Cor-4

12.05.2023

E- TENDER ID : 2023_GAIL_148823_1 dated 18.03.2023
Tender Reference No. : GAIL/KOC/C and P/FL052/2022-23
NAME OF WORK : **IMPLEMENTATION OF OFC BASED PIPELINE
INTRUSION DETECTION SYSTEM (PIDS) FOR
GAIL KKB MPL.**

With reference to above, GAIL was initially planning for the system for 50KM span of pipeline length in city areas. In the wake of some recent experiences of increased intrusions in the pipeline mainly in remote locations, we are exploring the possibility of extending the scope of the system to the entire network spanning nearly 600KM.

In view of the above, the instant tender is hereby cancelled and fresh tender covering the enhanced scope of work shall be issued shortly.
