2.2 REASON FOR REJECTION:

[1/3] M/s. M/s. Jyoti Engineering:

Technical Reasons: Bidder has submitted a copy of LOA no. 5300025952 dated 01.10.2016 issued by M/s GAIL for the job of extension of QOEC height along with fab of valves pit at all SV/RR stations in HVJ pipeline. Some technical clarification was observed on the submitted work order like execution proof of at least 1450 ID of minimum 12-inch pipe size fabrication work and last invoice cumulative abstract certified by client for establishing the amount of work completed purely against “fabrication & erection of CS/LTCS/AS/SS piping & structural job as the submitted work order scopes includes a combination of piping & structural line items, material supply & other line items. However, bid is considered unresponsive without making further queries because EMD/Bid Security has not been submitted by the bidder.

Commercial Reasons: EMD has not been submitted by the bidder rather has sought exemption of EMD under MSE category, however, benefits of MSE cannot be extended to the bidder because instant tender is a Works tender. As per clause no.(F) of IFB (Section-I) of the tender and 16.9 of the ITB (section-III) of the tender, bid is considered as unresponsive due to non-submission of EMD/bid security.

In view of the above stated reasons, bid is not acceptable techno-commercially.

[3/3] M/s. Abiram Construction Company:

Technical Reasons: Bidder has submitted a copy of LOA no. 5300030441 dated 18.03.2019 issued by M/s GAIL for the job of installation of USM skids and terminal modification works at NTPC terminal, Kribhco terminal and Hazira compressor station. Some technical clarification was observed on the submitted work order like execution proof of at least 1450 ID of minimum 12-inch pipe size fabrication work and last invoice cumulative abstract certified by client for establishing the amount of work completed purely against “fabrication & erection of CS/LTCS/AS/SS piping & structural job as the submitted work order scopes includes a combination of piping & structural line items, material supply, equipment erection & instrumentation related line items. However, bid is considered unresponsive without making further queries because EMD/Bid Security has not been submitted by the bidder.
