The work of construction ROB and its approaches is an important work, and earlier four times also Bids were invited with estimated cost Rs. 2,94,00,000/- but however financial bid were not opened three times due to technical disqualification and in the four times the financial bid of the qualified agency was abnormally below(67.88%below) and hence rejected.

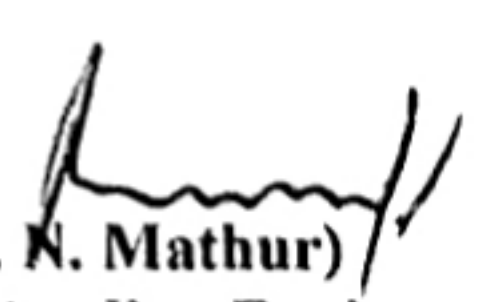

As the work is required to be supervised during and after construction. Tender for supervision were again invited with reduced scope of work for estimated amount of Rs. 1,43,03,300/-. This time also a single bid is received. In view of fact that previously four times bids were invited and now in the fifth attempt with reduced estimated cost of amount only one bid is received and the work is at an advanced stage of construction and in order to have an agency immediately for supervision of the work. The proposal of single bid M/s. MCWAY Managements Ltd., Gandhinagar may be submitted to the competent authority for approval before opening of financial bid.

The bidder M/s. MCWAY Managements Ltd., Gandhinagar is fulfilling the technical requirements of the bid and hence the evaluation committee decided to recommend the single bid for approval of the competent authority before opening of financial bid.
