(i) Bachelor of Engineering in Civil Engineering from University of Mysore in 1994 (ii) Master in Business Administration (Construction Management) from National Institute of Management in 2007	The Committee observed that the Key Professional has done his Master's in Business Administration (Construction Management) from National Institute of Management in 2007 (i.e., 2005-2007). But, during the same period the Key Professional has also found to have worked as Team Leader & Project Manager in 3 Nos. projects which is not acceptable. Hence, the Evaluation Committee allotted Zero marks earlier. However, in the Education Certificate it was clearly mentioned that National Institute of Management is Accredited by Indian Council for Distance Education. Hence, the Evaluation Committee decided to allot 4 marks instead of Zero marks. Hence, there is an Increment of 0.76 marks.
	2. Adequacy for the project – 70 marks (ii) Experience as Team Leader/Project Manager or in similar capacity" in O&M of completed 4/6 lane highway sections < 3 years -0 3 years -30 Add 2.5 marks extra for each additional year of experience subject to maximum 5 (five) marks. The Committee observed that the Key Professional has done the Project No.20 as a sub-contracting work from M/s. IJM (India) Infrastructure Limited under M/s. Sri Yaga Infrastructure Pvt. Ltd. Hence, the project was not taken into consideration and accordingly Zero marks have been allotted in the criteria. In this regard, please refer to Foot Note under Annexure-A-4-1 of RFP document which stipulates that, "In case of experience on behalf of Consultant or Contractor, the experience shall be duly endorsed by the respective government agency. In case of non-availability of endorsement from Govt. Agency, the experience uploaded on Infracon Portal will be taken into consideration. However, the Key Personnel / bidder will be solely responsible for any fake information / CV, which may result in debarment". (ii)	Highway Maintenance cum Resident Engineer – Mr. P.B. Chakravathi Nattala Post-Graduation in Highway Engg.- 04 marks		Earlier, the Evaluation Committee allotted 4 marks in the criteria assuming that Highway Engineering is equivalent to Transportation Engineering. However, as per the desirable qualification of Team Leader cum Senior Highway Engineer it was clearly mentioned that the Key Personnel should have done Post Graduation in Management/ Construction/ Transportation/Highway Engineering/Structural Engineering/any other specialized stream of civil engineering by which it can clearly noticed that Transportation Engineering is not Equivalent to Highway Engineering. Hence, the Committee decided to allot Zero marks instead of 4 marks in the criteria and overall marks have been revised to 91 marks instead of 95 marks. Hence, there is an decrement of 0.48 marks.
