3. The **bid submission closing & bid opening date could not be extended** in time due to Expiry of Digital Signature of Tender Creator. Also the same tender cannot be extended after expiry of Technical Bid opening date.
4. Further the re-tendering process was delayed due to other issues viz. transfer of officers, delay in nodal officer login creation through AVNL etc. As the subject work is required for urgent electrical maintenance activities, **it is proposed to re tender the case on CPPP portal** as per existing procedure.
