i. M/s. Sairam Engineers:

Technical Reasons: Some technical queries were observed; however, bid is considered unresponsive without making any further queries because EMD/Bid Security has not been submitted by the bidder.

Commercial Reasons: EMD has not been submitted by the bidder rather has sought exemption of EMD under MSE category, however, instant tender being a Works tender, benefits of PPP-2012 for MSEs is not applicable in the instant tender. Therefore, bid is considered as unresponsive due to non-submission of EMD/bid security, as per clause no.F under section-I (invitation for bid) of the tender.

In view of the above stated reasons, bid is not acceptable techno-commercially.

In response bidder has submitted the same copy of WO and its completion which were submitted previously along with copy of taxable invoice & abstract sheet of executed work. From the submitted documents it is found that taxable invoice was made on package basis which includes all other systems along with CO2 flooding system and the executed value of CO2 flooding system from the submitted abstract is Rs. 15.24 lakhs (excl taxes) and Rs.17.99 lakhs (incl of taxes) against tender requirement of 37.57 lakhs in a single WO.

In view of the above stated reasons, bid is not acceptable technically.
