5.1. Member secretary apprised the committee that PMC has two stages in evaluation criteria:

1st stage evaluation: Eligibility Requirements/Proof of eligibility
2nd stage evaluation: Technical evaluation

5.2. 1st Stage evaluation: Member secretary apprised that as per under sl. No. 12 of Data sheet and sl. No. (e) (ii) of Appendix-II (Form-E2/T3, Firm's references), it is mentioned that In case of JV, the lead partner should fulfill at least 75% of eligibility requirements and other partner shall fulfill at least 50% of all eligibility requirements. For weight age of experience in any past consultancy assignment, if applicant firm/member of JV has/have prepared the DPR/FS/Supervision projects solely on its own, 100% weight age shall be given. If the applicant firm/member of JV has prepared the DPR/FS/Supervision projects as a partner in JV, weightage shall be given as per its share of JV. In absence, of JV share demarcation, weightage will be treated as 60% for lead partner and 40% for minor partner. However, in Note of clause 1.2 of Appendix-V (eligibility criteria for lead partner/other partner in case of JV), a table was given showing weight age to be given when experience by a firm as sole firm/lead partner in JV/other partner in a JV/as associate. It indicates weightage for experience of firm carrying out DPR/feasibility study as sole partner - 100%, lead partner in JV-75%, other partner in JV -50%, associate-25%.

5.3. 2nd Stage evaluation: Member secretary apprised that for technical evaluation no weightage has been indicated in A2 (DPR experience in last 7 year) & A3 (Supervision experience in last 7 year). However, in Note it is written that in case of JV the turn over and experience details of lead and JV partners to be added.

5.4. Member secretary apprised that due to this anomaly in weightages under sl. No. 12 of Data sheet, sl. No. (e) (ii) of Appendix-II and clause 1.2 of Appendix-V, 75% (Lead partner in JV) and 50% weightage (Other partner in JV) was considered for calculating past experience irrespective of member of JV has/have prepared the DPR/FS/Supervision projects solely or in JV.

6. The matter has been discussed in details by evaluation committee and after detailed discussion, it was interpreted that these 75% (lead partner) and 50% (other partner) is the minimum eligibility criteria which need to be fulfill separately by lead partner/other partner in present consultancy bid and it is not the weightages of past consultancy assignment. For weight age of experience in any past consultancy assignment, if applicant firm/member of JV has/have prepared the DPR/FS/Supervision projects solely on its own, 100% weight age shall be given. If the applicant firm/member of JV has prepared the DPR/FS/Supervision projects as a partner in JV, weightage shall be given as per its share of JV. In absence, of JV
