Reason of Non responsiveness: -

M/s JM Shah - The bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same it is found that the submitted key equipment's to be deployed on contract work is either not meeting the metric unit required for that particular equipment or not meeting age criteria of purchase within 5 years as required in RFP. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s KCC Infra Private Limited - The bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However, after reviewing the same, key equipment - Smooth Wheeled Roller (8-10 Ton) could not be located in the bid submitted by bidder. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Further, the Bank Guarantee for Bid Security submitted by bidder in their technical bid has not been confirmed on SFMS.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s Shri Balaji Constructions - The bidder is not meeting the minimum criteria of required average annual financial turnover (in all classes of **civil engineering construction works only**) as per Clause 4.4 A (a) of RFP.

Further, bidder has claimed 3 satisfactorily completed similar works; however there is no proof of evidence that the project claimed in similar work constitutes experience of bituminous work on 2/4/6 lane highways. Therefore, the same has not been considered.

Further, the bidder has not provided certificate for each project mentioned in table of Clause 1.4 (b) (i) i.e. existing commitments and on-going works (B). Hence, full contract value for those projects whose certificate for value of work done was not provided by bidder. After considering full contract value for those projects, the bidder is not meeting the minimum required bid capacity as per clause 4.6 of RFP.

Further, the bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same, it is found that the submitted key equipment – Smooth Wheeled Tandem Roller and Reflectometer for measuring the reflectivity of thermoplastic paint/signboards are not meeting age criteria of purchase within 5 years as required in RFP. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Further, Bidder has submitted Bank Guarantee for bid security, however the same is not as per format as ascribed in RFP.

Therefore, in view of above, the Bidder fails to meet the eligibility criteria of having minimum average annual financial turnover, similar completed works and Bid Capacity. Hence, the bidder is Technically Non – Responsive.

M/s Bharti Construction Company - The bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same it is found that some of the submitted key equipment to be deployed on contract work are not meeting age criteria of purchase within 5 years as required in RFP and some of the key

equipment could not be located in the bid submitted by bidder. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s Shiva Buildtech Pvt Ltd - The bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same It is found that the submitted key equipment - Front End Loader (1 cum bucket capacity) is not meeting the metric unit required for that equipment and the key equipment - Emulsion Pressure Distributor (1750 sqm/hr) & Reflectometer for measuring the reflectivity of thermoplastic paint/signboards are not meeting age criteria of purchase within 5 years as per RFP. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s Sanwariya Construction – The bidder has claimed 11 satisfactorily completed similar works; however there is no proof of evidence that the project claimed in similar work constitutes experience of bituminous work on 2/4/6 lane highways. Therefore, the same have not been considered.

Further, the bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same, it is found that the key equipment - Front End Loader (1 cum bucket capacity) and Smooth Wheeled Roller (8-10 Ton) could not be located in the bid submitted by bidder. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s KK Gupta Constructions Private Limited – The bidder has claimed 5 satisfactorily completed similar works; however there is no proof of evidence that the project claimed in similar work constitutes experience of bituminous work on 2/4/6 lane highways. Therefore, the same have not been considered.

Therefore, in view of above, the bidder is Technically Non – Responsive.

M/s JKA Associates Pvt Ltd - The bidder is not meeting the minimum criteria of required Bid Capacity as per Clause 4.6 of RFP.

Further, the bidder has submitted Scanned copy of evidence of availability (either owned or leased or rented) of items of construction equipment as stated in the Appendix to ITB and as per Form in Section III. However after reviewing the same it is found that the submitted key equipment to be deployed on contract work is not meeting age criteria of purchase within 5 years as required in RFP. Hence, failure to demonstrate the certificates as specified at Clause 4.4 B (b) (i) of RFP makes the bidder non-responsive.

Therefore, in view of above, the Bidder fails to meet the eligibility criteria of having Bid Capacity. Hence, the bidder is Technically Non – Responsive.
