2. As per the relevant clauses of RFP, result of the Technical Evaluation are being made available on the website giving opportunity to the bidders to respond within 07 days (i.e., till 18.07.2024) in case they have any objection. After which, Authority shall not entertain any correspondence with any bidder in relation to acceptance or rejection of any bid.

3. Reasons for not qualifying for opening of financial proposals are attached at Annexure-1.

4. Detailed evaluation sheet is attached at Annexure-2.

A. M/s Ayoleeza Consultants (P) Ltd. in JV with M/s Redecon (India) (P) Ltd and in Association with M/s Ekamra Technocats (OPC) (P) Ltd.

1. As per the provisions of RFP, the bidder shall furnish Form-26 AS/Form-16 (for F.Y. 2023-24) of the proposed highway professionals for demonstrating their current employment status with the firm. Upon review of the submitted bid document, it has been found that the bidder has claimed a total of 14 (fourteen) highway professionals for which Form-26 AS has been submitted for the F.Y. 2022-23 instead for the F.Y. 2023-24.
2. As per the requirement of RFP, the experience of the bidder in use of (i) LiDAR or better technology for topographic survey and (ii) use of mobile bridge inspection unit (MBIU) for bridge inspection shall be ascertained through ownership evidence uploaded on Infracon portal for key hardware/software required for highway consultancy assignment. From the submitted bid document, the proof of ownership w.r.t the LiDAR technology and mobile bridge inspection unit (MBIU) could not be found.
3. In case of the CV submitted for the position of 'Road Safety Expert', the bidder has claimed full marks in the category 'Experience in similar capacity in road safety works of major highway projects (4/6 lane projects)'. However, upon review of the submitted CV of Mr. Rajesh Prusty, the experience of the key personnel as 'Road Safety Expert' in road safety works of major highway projects (4/6 lane) has been assessed as six months (03/2020 - 08/2020).

B. M/s Voyants Solutions (P) Ltd. in JV with M/s Almondz Global Infra-Consultant Ltd.

1. As per the provisions of RFP, a firm having experience in DPR or Feasibility Study for 4/6 laning projects each equal to or more than 120 Km and 180 Km respectively for 03 (three) or more projects shall be allotted full marks. The bidder has claimed a total of 30 (thirty) projects (LM- 10 Projects, OM- 20 Projects) in their Form-E2: Firm's References. However, none of the DPR or Feasibility Study Projects claimed by the bidder meet the minimum required lengths of 120 Km and 180 Km respectively.

2. For demonstrating the current employment status of the proposed highway professionals, the bidder was required to submit their Form-26 AS/Form-16 for the F.Y. 2023-24. Upon review of the submitted bid document, it has been found that the bidder has claimed a total of 75 (seventy-five) highway professionals (LM-30, OM-45). However, neither of the JV members furnished Form-26 AS/Form-16 along with their bid w.r.t the claimed highway professionals.

3. As per the requirement of RFP, the experience of the bidder in use of LiDAR or better technology for topographic survey shall be ascertained through ownership evidence uploaded on Infracon portal for key hardware/software required for highway consultancy assignment. From the submitted bid document, the proof of ownership w.r.t the LiDAR technology could not be found.

4. Further, with respect to the experience in use of Retro Reflectometer technology, the bidder has claimed 02 (two) projects, wherein the bidder has undertaken the projects in the capacity of 'JV Partner' and 'Associate' respectively. As per the provisions of RFP, the projects undertaken by the bidder as a 'JV Partner' and 'Associate' shall be assigned a weightage of 50% and 25% respectively. Thus, in view of the above, the experience of the bidder in use of Retro Reflectometer technology has been assessed as 'less than 1 project'.

C. M/s Satra Services and Solutions (P) Ltd.

As per Enclosure-II: 'Qualification and Experience Requirement of Key Personnel' of the RFP, it is mandatory for the key personnel (i.e. Team Leader cum Senior Highway Engineer, Senior Bridge Engineer and Highway cum Pavement Engineer) to have attended training course on "Preparation of Feasibility Study and DPR for Highway Projects" conducted by Indian Academy of Highway Engineers (IAHE) or any other institute specifically approved by MoRTH for minimum 6 days duration. However, upon review of the submitted bid document, the above-mentioned certifications could not be found.

D. M/s SMEC India Pvt. Ltd. in Association with M/s TTL Engineering (P) Ltd.

1. For demonstrating the current employment status of the proposed highway professionals, the bidder was required to submit their Form-26 AS/Form-16 for the F.Y. 2023-24. Upon review of the submitted bid document, it has been found that the bidder has claimed a total of 28 (twenty-eight) highway professionals, for which neither Form-26 AS nor Form-16 has been submitted by the bidder.

2. As per the requirement of RFP, the experience of the bidder in use of LiDAR or better technology for topographic survey shall be ascertained through ownership evidence uploaded on Infracon portal for key hardware/software required for highway consultancy assignment. From the submitted bid document, the proof of ownership w.r.t the LiDAR technology could not be found.

E. M/s TPF Engineering (P) Ltd. in Association with M/s CEOMA Consulting (P) Ltd.

1. For demonstrating the current employment status of the proposed highway professionals, the bidder was required to submit their Form-26 AS/Form-16 for the F.Y. 2023-24. Upon review of the submitted bid document, it has been found that the bidder has claimed a total of 45 (forty-five) highway professionals, for which neither Form-26 AS nor Form-16 has been submitted by the bidder.
2. As per the requirement of RFP, the experience of the bidder in use of LiDAR or better technology for topographic survey shall be ascertained through ownership evidence uploaded on Infracon portal for key hardware/software required for highway consultancy assignment. From the submitted bid document, the proof of ownership w.r.t the LiDAR technology could not be found.
