Dear Sir,

We have participated in your onlie tendering process for above mentioned tender in which we our rates are lowest as per your letter no “NHAI/17011/03/11/2024/RO Madurai/E-210984/699” And due to following circumstances we have quoted below rate then the estimates.

For carrying this work we have visited the site thoroughly and spend 2-3 days over there and surveyed everything about site like labours, nearest plants nursery, nearest source of water.and in this work maximum expense is of water tanker so we have 02 nos our own water tankers having capacity of 20,000 ltrs Each.and for water we will hire some land for diggig borewell and we will use this borewell to fill our tankers for watering of plants .We have our own Tractor For Transportation of plants,For Digging Holes With Post Hole Digger and using it during maintainance period So we don't have to rent tanker or tractor. & We have completed our recent project on 13/03/2025 at kochin kerela so we will divert all our labours ,superviser and staff for this project.

And we will work as per terms and conditions in RFP.
