No. NPCIL/ KGS-I -6/CTC/RETENDER 2024

Date: 22.07.2024

RE - TENDER

Name of Work : Supply, installation, testing and commissioning of indoor 33/11 KV substation, 415 volts, local distribution with associated cabling works at phase- area near Swimming pool Kaiga Township.

Ref : Tender No ; 2024\_NPCIL\_195538\_1

With reference to the above cited work and tender, the download period of the tender was from 20.06.2024 (10:00 hrs) to 10.07.2024 (17:00 hrs) & submission of the tender was on 10.07.2024 and opening of Technical Bid was 11.07.2024.

At the outset one of bidder M/s. Shivkumar & Company has sent an e-mail by stating that in the BOQ Excel sheet uploaded in CPPP Portal it was found that the excel sheet is not calculating the total values. Total value figures and quoted rate does not match. E-mail soft copy is attached. After detail checks in CPPP it has been found that there is software error in BOQ Excel sheet.

In CPPP there was auto extension provision for 5 days, if less than three bids participation. As on 10.07.2024 no bidders were participated in the bid. Hence tender was auto extended till 15.07.2024.

An approval has been obtained (on 18.07.2024) from competitive authority to extend the bid till 24.07.2024.

However, CPPP not allowed to extend the bid because bid submission end date was 15.07.2024. (Bid extension was possible before bid submission end date i.e. 15.07.2024). Now there is a provision for only Re-tender.

Hence Competent Authority is requested to accord the approval for Retender with corrected BOQ.
