Dear Team,

Thank you for your first response after weeks of continuous reminders. Finally your team has understood the problem which we intimated during our first Email communication.

It is to bring to your notice that when we published this tender (**2024_NSIL_211749_1**) ,we never selected for techno-commercial evaluation.
The current Techno-Commercial-evaluator has resigned from the Organization and his Digital Signature is not available with us.

Given the above, we request you to provide an alternative solution to complete Technical evaluation and to Open the Price Bid.

We urge you to treat this with the highest priority and provide a clear update or resolution **Immediately**.

Your prompt action is not just expected—it is essential.

Regards,
Tendering Division-Purchase and Stores
