10.	TROM SOLAR	Class-I Local Supplier

Further, the offers of the following bidders are **Technically-Commercially Not Acceptable** and the brief details are as below:

1. **BUTOO VISHAL URJA PRIVATE LIMITED:**

The bidder has not submitted any documents substantiating their prior experience. In lieu of work experience, the bidder has submitted a start-up certificate claiming exemption; however, the certificate is neither duly certified by a Chartered Accountant nor notarized by a Notary Public, as required for exemption towards work experience and EMD.

Furthermore, as a start-up entity, the bidder is mandated to submit a declaration on the Chartered Accountant's letterhead confirming their Net Worth and Working Capital to meet the requirements of the Financial BEC (Bid Evaluation Criteria). This mandatory document has not been provided.

In view of the above observations, the bidder has failed to meet both the Technical and Financial BEC requirements. Accordingly, the bid is deemed techno-commercially not acceptable.

2. **EMERAL ENERGY SOLUTIONS PVT LTD:**

GAIL (INDIA) LIMITED, HAZIRA

The bidder has not submitted any documents demonstrating prior experience, as required under the Technical BEC (Bid Evaluation Criteria). Additionally, no documents have been provided to claim or support any relaxation available for Start-ups.

The bidder has also failed to submit the necessary documents to meet the Financial BEC requirements and has not submitted the EMD (Earnest Money Deposit).

In light of the above deficiencies, the bid is techno-commercially not acceptable.

3. GREW RENEWABLES PRIVATE LIMITED:

The bidder has submitted several work orders; however, the copies of these work orders and their corresponding work completion certificates are not duly certified/attested by a Chartered Engineer and Notary Public, as stipulated in the Technical BEC (Bid Evaluation Criteria).

Additionally, the UDIN (Unique Document Identification Number) is not mentioned in the submitted Balance Sheets and Profit & Loss Statements, which is a mandatory requirement. The bidder has also not submitted a certificate from a Chartered Accountant confirming the minimum local content, which is required for qualification as a Class-I Local Supplier.

Clarification queries were sent to the bidder regarding these deficiencies, but no response has been received.

In view of the above non-compliances, the bid is deemed techno-commercially not acceptable.

4. RS POWER SYSTEMS PVT LTD:

The bidder has submitted a Purchase Order under Letter No. RREC/SPV RT Prg/45 MW/2019-2020/D 227 dated 19/05/2020; however, the individual solar plant capacities mentioned therein do not meet the requirements specified in the Technical BEC (Bid Evaluation Criteria).

Additionally, the value of the job as per Purchase Order No. 19000718-OQ-10120/PS dated 12/02/2020 is approximately Rs. 1,10,33,618.28/- (including GST), which is not sufficient to meet the minimum value criteria of the BEC.

In view of the above shortcomings, the bidder does not qualify under the Technical BEC, and therefore, the bid is technically not acceptable. Accordingly, the bid is techno-commercially not acceptable.

5. UNIVERSAL MEP PROJECTS & ENGINEERING SERVICES LIMITED:

The bidder has submitted a Purchase Order with Ref. No. AAI/ER/PAT/JtGM(E-E)/2024-25/7324 dated 09/08/2024. However, the copy of this Purchase Order and its corresponding Work Completion Certificate are not duly certified/attested by a Chartered Engineer and Notary Public, as required under the Technical BEC (Bid Evaluation Criteria).

Further, the submitted Balance Sheets and Profit & Loss Statements do not mention the UDIN (Unique Document Identification Number), which is a mandatory requirement. The bidder has also failed to submit a certificate from a Chartered Accountant confirming the minimum local content, necessary for qualification as a Class-I Local Supplier. In addition, the Power of Attorney has not been submitted.

Clarification queries were sent to the bidder regarding the above deficiencies, but no response has been received.

In view of these non-compliances, the bid is considered techno-commercially not acceptable.
