6.	Estimated Cost	Rs. 35.62 plus GST

2.0 RESPONSE TO “NIT”

The tender was hosted on e-procure & IWAI website and was simultaneously published in leading newspapers across India. The following 3 bidders evinced interest in the bidding process

- a) M/s West Coast Marine Yacht Services Pvt Ltd, Mumbai.
- b) M/s A to Z Exim, Mumbai
- c) M/s Pruthvi Infrastructures, Kodinar

3.0 TECHNICAL EVALUATION

The technical bids have been evaluated as per the criteria laid in the tender document and the following is noted basis the technical evaluation carried out.

- a) M/s West Coast Marine Yacht Services Pvt Ltd, Mumbai- The firms is MSME and is allowed exemption from Tender fee and EMD. The firm doesn't have the required solvency amount of Rs 14.25 Crore (the firm has submitted for an amount of Rs 10.53 Crores).

Seal

- b) M/s A to Z Exim, Mumbai- submitted EMD/Tender Fee but doesn't fully satisfy the criteria of requisite experience for the work. However, the firm has been awarded with a similar work by Fisheries Department, Govt of Gujarat for an amount of Rs 24.03 Crore on 07.03.2022 (Present escalated value considering a compounded escalation of 7% every year for the lapsed period of 3 years, the awarded work value is Rs 29.43 Crore which satisfies the criteria of similar works), however the value of work completed till December 2023 is Rs 20,95,25,000/- (Present escalated value considering a compounded escalation of 7% every year for the lapsed period of 3 years, the completed work value is Rs 24.03 Crore which doesn't satisfies the criteria of similar works). The work is stalled as the Fisheries Department has to carry out dredging in the area before the works are commissioned.
- c) M/s Pruthvi Infrastructures, Kodinar- The firms is MSME and is allowed exemption from Tender fee and EMD and solvency criteria is satisfied. The turnover criteria and similar experience is not available with the firm. The firm is start up and *is allowed exemption from prior experience and turnover subject to technical capability to deliver the goods and services as prescribed in technical specification*. The firm is undertaking the similar work of construction of floating concrete jetties in River Narmada (NW-73) for an amount of Rs 6.10 cr without taxes.

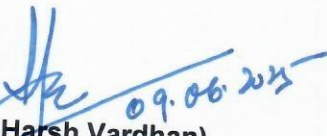

4.0 TEC Recommendations

The TEC deliberated that the bidder M/s A to Z Exim although meets the criteria based on similar works, however as the work is 85% complete the benchmark criteria is not satisfied for the reason not attributable to the contractor.

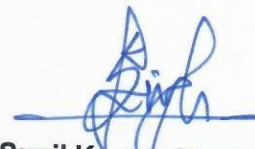

Similarly, the bidder M/s West Coast Marine Yacht Services Pvt. Ltd. though satisfies required turnover and other conditions, but the solvency certificate submitted by the bidder is slightly less (Rs.10.53 crore) than the required amount (Rs.14.25 crore).

As far as M/s Pruthvi Infrastructure, Kodinar is concerned, though the bidder doesn't have the requisite turnover & technical qualification (similar works), the bidder is a start-up and allowed.

TEC deliberated the issue in the backdrop of the prevailing situation in J&K in the aftermath of Pahalgam attack and subsequent developments in respect of promotion of IWT on the River Jhelum (NW-49). TEC was also apprised by the technical team about the recent reviews being taken in this regard at the highest level in Gol. It was also informed that the said developmental activities proposed on the River Jhelum are strategically very important and time is the essence, considering the difficult situation in J&K leading to less participation of bidders and to save time, TEC took lenient view as far as requirement of solvency, turnover and technical criteria as a special case and decided to qualify all the bidders keeping in view that all the 3 bidders have requisite technical expertise to take up the work.
