Handwritten signature/initials

Bid No.	Name of Bidder	Reason for Non-Responsiveness
2	Airef Engineers Pvt. Ltd - Altis-Holding Corporation (JV)	Bidder submitted a certificate dated 02.02.2026 stating the physical progress of 'Solan-Kaithlighat section of NH-22 (New NH-105)' as 90.11% and financial progress as 85.11% as on 27.08.2025. As per clause 2.2.2.2(ii) of RFP "For this purpose, a project shall be considered to be completed, <u>if more than 90% of the value of work has been completed</u> and such completed value of work is equal to or more than the abovementioned criteria....". As the said clause of RFP the completion of work to the tune of 90% is ascertained based on the value of work completed i.e. financial progress which is still less than 90% based on the value of work completed as stated by Authority in certificate dated 02.02.2026. Hence, the claimed project was not considered completed and bidder was found to be technically non-responsive for not meeting the criteria as per clause 2.2.2.4(ii) of RFP by M/s Airef Engineers Pvt. Ltd.
3	Anusha Projects Private Limited -Prasad & company (Project works) Pvt Ltd (JV)	M/s Anusha Projects Private Limited claimed that its work of "Bodhan-Basar-Bhainsa section in km 38/900 to km 95/300 on NH-161BB in Telangana" shall be considered against similar work with its share of work done as Rs 287.71 cr and also has hill slope protection work. However, it was observed the slope protection work claimed by the bidder in the said work are majorly embankment protection works i.e. toe walls, retaining wall for CD works and RE walls for protection of flyover & ROB Approach and not specifically hill slope protection works. Hence the claim of the bidder was not considered admissible. Further, M/s Prasad & company (Project works) Pvt Ltd claimed that 2 works claimed by them in the original bid against similar work criteria have been done as per specifications of MoRT&H only and are Central Government projects through MHA, hence shall be considered. However, as per projects defined as eligible projects in clause 2.2.2.2(ii) of RFP, the same were not considered as eligible projects by the Committee. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) by any member of the bidder and not meeting criteria of clause 2.2.2.4(ii) by M/s Prasad & company (Project works) Pvt Ltd.
4	Bekem Infra Projects Private LIMITED - Sudhakar Infratech Pvt Ltd (JV)	M/s Bekem Infra Projects Private Limited has submitted a certificate from Authority dated 02.02.2026 with progress of 90% of Package OD-8 of Raipur-Visakhapatnam Economic Corridor. M/s Bekem Infra Projects Private Limited has claimed that this progress of 90% was achieved by 22.09.2025 i.e. bid due date, however, same could not be verified by the certificate of authority. Thus, the completion of said work claimed by the M/s Bekem Infra Projects Private Limited was not considered as on bid due

Bid No.	Name of Bidder	Reason for Non-Responsiveness
		date by the Committee and thus the work was not considered as an eligible project as per clause 2.2.2.2(ii) of RFP. M/s Sudhakar Infratech Pvt Ltd has submitted a certificate from the Authority mentioning that M/s Sudhakar Infratech Pvt Ltd has executed 100% of the work of Kohima-Jessami (Pkg-III). Approval of Authority for this 100% execution by M/s Sudhakar Infratech Pvt Ltd was not evident from the certificate of Authority. Moreover, as per clause 2.2.2.2(ii) of RFP, the share of the bidder in the work is to be restricted to JV share in original contract which is 60%. Thus, committee decided to evaluate the bid of M/s Sudhakar Infratech Pvt Ltd considering its share of 60% in the said work. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) & clause 2.2.2.4(ii) by any member of the bidder.
6	Dhatarwal Construction Company Pvt Ltd	Bidder has not extended its bid validity beyond 19.01.2026 even upon the same was requested vide letter no. NH-12014/110/2024/FH/NH-913/Ar.P/Zone-V dated 08.01.2026, as required as per clause 2.17 of RFP, which implies that its bid is not valid and leads to disqualification of the bidder .
9	Ircon International Limited - Badri Rai & company (JV)	Bidder has not extended its bid validity beyond 19.01.2026 even upon the same was requested vide letter no. NH-12014/110/2024/FH/NH-913/Ar.P/Zone-V dated 08.01.2026, as required as per clause 2.17 of RFP, which implies that its bid is not valid and leads to disqualification of the bidder .
11	JOINT STOCK COMPANY INDUSTRIAL ASSOCIATION VOZROZHDENIE	Bidder has submitted apostilled documents dated 09.10.2025 i.e. of date after the bid due date during its clarification. In this regard, following Clauses of RFP are applicable: <i>"2.10.1 The Bidder shall provide all the information sought under this RFP. The Authority will evaluate only those BIDs that are received online in the required formats and complete in all respects."</i> <i>"2.11.1 The Bidder shall first upload all the project details, net worth details, turnover details, bridge and tunnel details and all other details required in this RFP for technical qualification. The Bidder shall ensure that all the details are updated as <u>on the due date of submission of this bid</u>."</i> <i>(n) Copy of originals of experience certificates apostille at foreign origin, if any"</i> <i>"3.1.6.2 The Authority reserves the right to reject any Technical BID which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by the Authority in respect of such BID."</i> The non-submission of apostilled documents as on bid due date leads to incomplete bid and is not liable for evaluation. Further, the submission of

X3.12

Bid No.	Name of Bidder	Reason for Non-Responsiveness
		Apostiled Documents of a date later than the bid due date as part of clarification was considered as alteration/substitution of documents by the committee and it was decided to declare the bid as invalid .
15	R. K. Chavan Infrastructure Pvt. Ltd	Bidder has claimed the work of "Aurangabad-Silod on NH-753F" with cost of Rs 371.83 cr and "Improvement work on SH-373" with cost of Rs 248.66 cr against similar works. No hill slope protection works have been claimed by the bidder in NH-753F work and hence the same work was not considered against similar work criteria as per clause 2.2.2.2(ii). W.r.t. "Improvement work on SH-373", bidder has claimed that 2.6 km slope protection work has been done by the bidder on both sides of road and thus the total length of hill slope protection is 5.2 km. However, same is not evident from certificate of Authority. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) of RFP.
17	S&P Infrastructure Developers Pvt Ltd.- Skylark Infra Engineering Pvt. Ltd.(JV)	Bidder has claimed that the works claimed by both the members were executed by same JV member with same JV share applicable for this bid, hence, they shall be considered as single entity and combined credentials shall be used for evaluation. However, the committee decided that both member of the JV shall be treated as separate entity as applicable in case of JV as per RFP and both technical and financial requirements as per RFP shall be met by each member separately. Hence, the bidder was considered as technically non-responsive for not meeting criteria as per clause 2.2.2.2 (ii) of RFP by any member of the bidder.
