Bid No.	Name of Bidder	Reason for Non-Responsiveness
2	Anusha Projects Private Limited - Prasad & company (Project works) Pvt Ltd (JV)	Anusha Projects Private Limited claimed that its work of "Bodhan-Basar-Bhainsa section in km 38/900 to km 95/300 on NH-161BB in Telangana" shall be considered against similar work with its share of work done as Rs 287.71 cr and also has hill slope protection work. However, it was observed the slope protection work claimed by the bidder in the said work are majorly embankment protection works i.e. toe walls, retaining wall for CD works and RE walls for protection of flyover & ROB Approach and not specifically hill slope protection works. Hence the claim of the bidder was not considered admissible. Further, M/s Prasad & company (Project works) Pvt Ltd claimed that 2 works claimed by them in the original bid against similar work criteria have been done as per specifications of MoRT&H only and are Central Government projects through MHA, hence shall be considered. However, as per projects defined as eligible projects in clause 2.2.2.2(ii) of RFP, the same were not considered as eligible projects by the Committee. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) by any member of the bidder and not meeting criteria of clause 2.2.2.4(ii) by M/s Prasad & company (Project works) Pvt Ltd.
4	Dhatarwal Construction Company Pvt Ltd	Bidder has not extended its bid validity beyond 21.01.2026 even upon the same was requested vide letter no. NH-12014/110/2024/FH/NH-913/Ar.P/Zone-V dated 08.01.2026, as required as per clause 2.17 of RFP, which implies that its bid is not valid and leads to disqualification of the bidder .
7	Hazoor Multiprojects Limited	Only project code "c" i.e. Maharashtra Samruddhi Expressway (Packag-13) with completed value of Rs 113.27 cr has been considered against similar work with 5 km hill slope protection work. Bidder has claimed that projects codes 'a' and 'b' are also project in hilly terrain, however, no supporting documents have been provided in this regard. Hence, these projects were not considered as similar works as per clause 2.2.2.2(ii) of RFP. W.r.t its sub-contract in Project Code 'a' bidder has submitted that initial sub-contract for the work was for Rs 303.14 cr but due to its satisfactory performance, client nominated it for all balance work purposes. However, the claim of the bidder is not substantiated by any supplementary agreement or any other document of Authority and its technical capacity was assessed considering its receipts based on the total value of work as Rs 303.14 cr instead of Rs 806.88 cr and reducing year wise receipts on pro-rata basis. Thus, the modified Technical Capacity is less than the requirement as per RFP. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (i) & clause 2.2.2.2(ii) of RFP.
8	Ircon International Limited - Sri	Bidder has also not extended its bid validity beyond 21.01.2026 even upon the

Bid No.	Name of Bidder	Reason for Non-Responsiveness
	Avantika contractors (I) Ltd (JV)	same was requested vide letter no. NH-12014/110/2024/FH/NH-913/Ar.P/Zone-V dated 08.01.2026, as required as per clause 2.17 of RFP, which implies that its bid is not valid and leads to disqualification of the bidder .
10	JOINT STOCK COMPANY INDUSTRIAL ASSOCIATION VOZROZHDENIE	Bidder has submitted apostiled documents dated 09.10.2025 i.e. of date after the bid due date during its clarification. In this regard, following Clauses of RFP are applicable: <i>"2.10.1 The Bidder shall provide all the information sought under this RFP. The Authority will evaluate only those BIDs that are received online in the required formats and complete in all respects."</i> <i>"2.11.1 The Bidder shall first upload all the project details, net worth details, turnover details, bridge and tunnel details and all other details required in this RFP for technical qualification. The Bidder shall ensure that all the details are updated as on the due date of submission of this bid."</i> <i>(n) Copy of originals of experience certificates apostille at foreign origin, if any"</i> <i>"3.1.6.2 The Authority reserves the right to reject any Technical BID which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by the Authority in respect of such BID."</i> The non-submission of apostilled documents as on bid due date leads to incomplete bid and is not liable for evaluation. Further, the submission of Apostiled Documents of a date later than the bid due date as part of clarification was considered as alteration/substitution of documents by the committee and it was decided to declare the bid as invalid.
14	S&P Infrastructure Developers Pvt Ltd.- Skylark Infra Engineering Pvt. Ltd. (JV)	Bidder has claimed that the works claimed by both the members were executed by same JV member with same JV share applicable for this bid, hence, they shall be considered as single entity and combined credentials shall be used for evaluation. However, the committee decided that both member of the JV shall be treated as separate entity as applicable in case of JV as per RFP and both technical and financial requirements as per RFP shall be met by each member separately. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) by any member of the bidder.
