(Handwritten signature)

Bid No.	Name of Bidder	Reason for Non-Responsiveness
4	Hazoor Multiprojects Limited -Lopon Enterprises	M/s Lopon Enterprises claimed work of Construction of a CI-9 road under ICBR in Arunachal Pradesh as a Sub-Contractor of M/s TTC Infra India against the similar work with 5 km hill slope protection work. Bidder has claimed that work has been executed under BRO and is a deemed highway in border region and project features are identical to work under bidding. However, as per projects defined as eligible projects in clause 2.2.2.2(ii) of RFP, the same was not considered as eligible project by the Committee. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.4(ii) by M/s Lopon Enterprises.
6	JAYSHREE INTERNATIONAL	The bidder has claimed work of 'Widening on SH-59 in Kerala' against the similar work with 5 km hill slope protection work. Bidder has claimed completion of 12.59 km of hill slope protection in the said work, which is not supported by certificate of Authority. Further, bidder has also not extended its bid validity beyond 22.01.2026 even upon the same was requested vide letter no. NH-12014/110/2024/FH/NH-913/Ar.P/Zone-V dated 08.01.2026, as required as per clause 2.17 of RFP, which implies that its bid is not valid and leads to its disqualification .
9	LNA Infraprojects Pvt. Ltd	Bidder has submitted clarification dated 06.02.2026, however, the mail was received on 07.02.2026 i.e. after the due date of receiving clarifications. Moreover, the works claimed by Bidder i.e. Barmer Bypass and Konkan Railway Corporation Limited (KRCL) work in Udampur-Srinagar-Baramulla Rail Link Project didn't meet criteria of clause 2.2.2.2(ii) of RFP, Barmer Bypass not involving Hill Slope Protection work as confirmed by RO Jaipur, MoRT&H and KRCL work not being an eligible project as per clause 2.2.2.2 (ii) and having value of completed works of Rs 30.35 cr which is less than the required value of Rs 56.81 cr for a similar work of 35% of Estimated Project Cost. Hence, the bidder was considered as technically non-responsive for not meeting criteria of clause 2.2.2.2 (ii) of RFP.
13	Ms RK Infracorp Private Limited	The Committee observed that the bidder has attached scanned copy of Demand Draft against Bid Security in the bid; however, the same has not been submitted physically within 5 Days required as per clause 2.10.1 of RFP. Hence, the bidder is found technically non-responsive as per RFP.
20	PURBANCHAL BUILDTECH PRIVATE LIMITED	Bidder has claimed that it has executed 6.25 km of hill slope protection work and same has been authenticated by PD Shillong, NHAI and AE of the project. Bidder has also enclosed a certificate dated 26.11.2025 with work stated to be completed as on 15.11.2025 with total value of Rs 84.62 cr and contract amount of Rs.60.41cr. The completion of work value of more than Rs 56.81 cr (35% of Estimated Project Cost) as on bid due date has not been ascertained by the bidder and only physical progress of 91%, which doesn't correspond to value of work done, was reported in original bid. No other work with 5 km hill slope protection of required value was found in the bid. Thus, bidder was not considered meeting the criteria as per clause 2.2.2.2 (ii) of RFP. Moreover,

Bid No.	Name of Bidder	Reason for Non-Responsiveness
		bidder has submitted its clarification in support of meeting Technical Capacity as required as per clause 2.2.2.2(i) of RFP. Nothing substantial has been submitted by the bidder except for the fact that Project Code 'e' is to be considered under Category 3 involving major road components in NH work as per certificate of Authority while ignoring the claimed value of 2025-26 which is not admissible as per RFP as Year 1 is 2024-25. Receipts of Project Code 'a' have been reduced on pro-rata basis based on the original contract amount of Rs 32.16 cr as no mention of total amount received of Rs.38.60 cr inclusive/exclusive of Price Adjustment was there. Project Code 'c' has been considered under Category-4 being Non-Highway Sector work and it have been reduced on pro-rata basis based on the original contract amount of Rs.57.92 cr as no mention of total amount received of Rs 65.91 cr inclusive/exclusive of Price Adjustment was there. Project Code 'b' and 'd' have not been considered for the reasons already mentioned in the query. Thus, the technical capacity assessed by the Committee worked out to be Rs 104.01 cr which is less than the required value of Rs 162.31 cr. Hence, the bidder was considered as technically non-responsive for not meeting the criteria as per clause 2.2.2.2(i) and 2.2.2.2(ii) of RFP.
