| 4       | Hazoor Multiprojects Limited-Lopon Enterprises (JV) | M/s Lopon Enterprises claimed work of Construction of a CI-9 road under ICBR in Arunachal Pradesh as a Sub-Contractor of M/s TTC Infra India against the similar work with 5 km hill slope protection work. Bidder has claimed that work has been executed under BRO and is a deemed highway in border region and project features are identical to work under bidding. However, as per projects defined as eligible projects in clause 2.2.2.2(ii) of RFP, the same was not considered as eligible project by the Committee. Hence, the bidder was considered as <b>technically non-responsive</b> for not meeting criteria of clause 2.2.2.4(ii) by M/s Lopon Enterprises.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| 9       | KAUSHAL SHARMA                                      | The committee observed that bidder has submitted 2 nos. of e-BGs against bid security. One of the BG amounting to Rs.1,19,00,000/- bearing no. 03820100000111 of Axis Bank has not been issued to UIN 'NCMGR2476D' as mentioned in clause 1.2.4 of RFP. Hence, the bidder is found <b>technically non-responsive</b> as per RFP.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 10      | M V V SATYANARAYANA - NT Agency(JV)                 | M/s NT Agency has claimed that the work of "Sekongh-Janacha" under CRIF is 90% completed and hill slope protection work in length of 11540 m has been done based on the certificate of Authority. However, as per Utilization Certificate received from State Government w.r.t. CRIF works, for the period upto Jan'26, the financial progress of the work is Rs 41.30 cr i.e. (89.20% based on the contract amount) and hill slope protection work 345 m. Thus, the claim of the bidder was not substantiated with the latest record available with Ministry regarding completion of a work with value of more than 90% and having executed more than 5 km of hill slope protection works. Hence, Bidder was considered <b>technically non-responsive</b> for not meeting the criteria of clause 2.2.2.4 (ii) by M/s NT Agency.                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 20      | PURBANCHAL BUILDTECH PRIVATE LIMITED                | Bidder has claimed that it has executed 6.25 km of hill slope protection work and same has been authenticated by PD Shillong, NHAI and AE of the project. Bidder has also enclosed a certificate dated 26.11.2025 with work stated to be completed as on 15.11.2025 with total value of Rs 84.62 cr and contract amount of Rs.60.41cr. The completion of work value of more than Rs 49.78 cr (35% of Estimated Project Cost) as on bid due date has not been ascertained by the bidder and only physical progress of 91%, which doesn't correspond to value of work done, was reported in original bid. No other work with 5 km hill slope protection of required value was found in the bid. Thus, bidder was not considered meeting the criteria as per clause 2.2.2.2 (ii) of RFP. Moreover, bidder has submitted its clarification in support of meeting Technical Capacity as required as per clause 2.2.2.2(i) of RFP. Nothing substantial has been submitted by the bidder except for the fact that Project Code 'e' is to be considered under Category 3 involving major road components in NH work as per certificate of Authority while ignoring the claimed value of 2025-26 which is not admissible as per RFP as Year 1 is 2024-25. Receipts of Project Code 'a' have been reduced |

| Bid No. | Name of Bidder                                    | Reason for Non-Responsiveness                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|---------|---------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |                                                   | on pro-rata basis based on the original contract amount of Rs 32.16 cr as no mention of total amount received of Rs 38.60 cr inclusive/exclusive of Price Adjustment was there. Project Code 'c' has been considered under Category-4 being Non-Highway Sector work and it have been reduced on pro-rata basis based on the original contract amount of Rs 57.92 cr as no mention of total amount received of Rs 65.91 cr inclusive/exclusive of Price Adjustment was there. Project Code 'b' and 'd' have not been considered for the reasons already mentioned in the query. Thus, the technical capacity assessed by the Committee worked out to be Rs 104.01 cr which is less than the required value of Rs 142.22 cr. Hence, the bidder was considered as <b>technically non-responsive</b> for not meeting the criteria as per clause 2.2.2.2(i) and 2.2.2.2(ii) of RFP. |
| 21      | R. K. Chavan<br>Infrastructure Pvt. Ltd           | Bidder has claimed the work of "Aurangabad-Silod on NH-753F" with cost of Rs 371.83 cr and "Improvement work on SH-373" with cost of Rs 248.66 cr against similar works. No hill slope protection works have been claimed by the bidder in NH-753F work and hence the same work was not considered against similar work criteria as per clause 2.2.2.2(ii). W.r.t. "Improvement work on SH-373", bidder has claimed that 2.6 km slope protection work has been done by the bidder on both sides of road and thus the total length of hill slope protection is 5.2 km. However, same is not evident from certificate of Authority. Hence, the bidder was considered as <b>technically non-responsive</b> for not meeting criteria of clause 2.2.2.2 (ii) of RFP.                                                                                                                |
| 29      | UCN<br>CONSTRUCTION<br>COMPANY PRIVATE<br>LIMITED | Bidder claimed that Toe walls shall be considered against hill slope protection work as they are integral part of hill protection system. The issue was deliberated and it was opined that since, schedule-B of claimed work clearly mentions the construction of toe walls to limit the ROW, its admissibility against hill slope protection is not ascertained. Thus, the total length of hill slope protection work in the claimed work was found to be less than 5 km length and accordingly, it didn't meet the criteria of clause 2.2.2.2(ii) of RFP. Hence, bidder was considered as <b>technically non-responsive</b> for not meeting the criteria of clause 2.2.2.2(ii) of RFP.                                                                                                                                                                                       |
