4. The Tender Committee examined the technical bids received from six bidders with reference to the provisions of the RFP document. Observations against the non-responsive bidders and confirmation for the responsive bidders are as under:

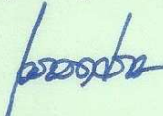

(2/6) M/s Advantage

- The bidder has not submitted documents (a) to (k) as prescribed under Clause 3.1.6.1 (Test of Responsiveness). In absence of these documents, neither the bid capacity nor the financial/technical eligibility criteria could be assessed.
- As the bid fails the responsiveness test, it is declared Technically Non-Responsive.

(3/6) M/s Dilshad Khan

- The bidder has not submitted the "Certificate regarding compliance with restrictions under Rule 144(xi) of GFR, 2017", which is mandatory as per Clause 3.1.6.1(i) (Test of Responsiveness).

- Further, in calculation of bid capacity, the bidder has considered $N = 0.5$ whereas as per RFP provisions, $N = 0.25$ is to be adopted. On correction of the same, the bid capacity works out to be less than the estimated cost of the work. As per Clause 2.2.2.1 of the RFP, the bidder must have bid capacity equal to or greater than the estimated cost of the project.
- Hence, the bid fails both responsiveness and bid capacity requirements, and is declared Technically Non-Responsive.

(5/6) M/s N B Construction Company

- in calculation of bid capacity, the bidder has considered $N = 0.5$ whereas as per RFP provisions, $N = 0.25$ is to be adopted. On correction of the same, the bid capacity works out to be less than the estimated cost of the work.
- As per Clause 2.2.2.1 of the RFP, the bidder must have bid capacity equal to or greater than the estimated cost of the project.
- Hence, the bidder does not qualify on bid capacity grounds and is declared Technically Non-Responsive.
