Annex-A

Reasons for Technical Non-Responsiveness of the bidders:

1. **M/s ASAP Prefab (P) Ltd.**

   A. For the purpose of demonstrating Technical Capacity, the bidder has claimed seven projects (Project Codes A to G) in its Annex-II: Technical Capacity. Based on the experience certificates submitted with the bid for the claimed projects, the Threshold Technical Capacity of the bidder has been assessed as Nil, thereby rendering the bidder non-responsive. The reasons for non-consideration of the claimed projects are detailed below:

   (a) Project Codes A to E were awarded to the bidder by M/s Gawar Construction Ltd. and M/s APCO Infratech (P) Ltd., which are private entities, rather than a Government Authority/ Client. Furthermore, the bidder has not submitted any documentary evidence such as a certificate issued by the Government Authority, confirming the following details:

   - Involvement of Bidder in the claimed projects as approved Sub-Contractor
   - Approval of Government Authority for sub-contracting the work to the bidder
   - Value of work sub-contracted to the bidder (excluding GST)
   - Value of work executed by the bidder as approved sub-contractor (excluding GST)
   - Scope of work performed by the bidder and certified by the Government Authority.

   In view of the above, Project Codes A to E have not been considered for evaluation purposes in line with Clause 2.2.2.2 (ii) of the RFP.

   (b) In case of Project Codes F and G, the scope of work undertaken by the bidder pertains solely to the fabrication of steel structural work, and no civil work, including erection and launching of steel girders, was carried out by the bidder, as evidenced by the experience certificates issued by the respective Government Authority. The scope of work performed by the bidder i.e. fabrication of steel girders, does not fall under the Highway Sector or the Core Sector as defined under Clause 2.2.2.5 (iii) of the RFP. Consequently, Project Code F and G have not been considered for evaluation purposes.

   B. For the purpose of demonstrating the similar completed work, as stipulated under clause 2.2.2.2 (ii) of the RFP, the bidder has claimed seven projects (Project Codes A to G) in its Annex-II: Technical Capacity. However, based upon the assessment carried out, none of the claimed projects meet the eligibility criteria for similar completed work as per clause 2.2.2.2 (ii) of the RFP. Accordingly, the bidder has been considered Non-Responsive.
