CGM (Tech) & Regional Officer

Minutes of Meeting of Tender Evaluation Committee (Final Technical Evaluation & Opening of Financial Bids) dated 09.04.2026 for "Operation and Maintenance of Grade Separator from H-7 area to Port Connectivity Road bypassing convent junction, Ramp-A & Ramp-D of NH-516C in the state of Andhra Pradesh on item rate (percentage) basis". (Tender Ref. No. 2025_NHA1_259889_1)

The Evaluation Committee met on 23.03.2026 and recommended the following for approval of the Competent Authority:

- (i) To consider M/s. Shri Vasudevkrishna Constructions Pvt. Ltd as **TECHNICALLY NON - RESPONSIVE** as per Clause 17 of Section - I. Instruction to Bidders (ITB).
- (ii) To consider M/s. S.K. Constructions as **TECHNICALLY RESPONSIVE** & eligible for opening of Financial Bid.
- (iii) To upload result of Technical Evaluation in the e-tender portal duly giving opportunity to the bidders to respond, if any, within 7 days on the result of Technical Evaluation.
- (iv) Further, a decision may be taken on single responsive bid based on the quotation of the technically responsive bidder, if found satisfactory, as per NHA1 Policy Circular No.18.78/2022 dt.18.02.2022.

2. Accordingly, RO, Vijayawada vide letter no.965 dated 25.03.2026 displayed the result of technical evaluation on the web portal for 7 days including reasons for non- responsiveness and requested the non-responsive bidder to submit his representation if any within 7 days of publishing of this result of technical evaluation, i.e. by 01.04.2026 @ 1200 Hrs.

3. In response, the non - responsive bidder M/s. Shri Vasudevkrishna Constructions Pvt. Ltd vide letter no.001 dated 31.03.2026 has submitted his objection which was examined by the Committee and deliberations are as detailed below:

Sl. No	Objections of the Bidder	Comments of Committee
(i)	It is to inform that the Bid Security has been submitted as per tender requirements at the time of bid submission. If there has been any shortfall in the validity period, the same appears to be unintentional and may have arisen due to the extension of the tender timeline. The bidder would like to emphasize that such a minor and rectifiable discrepancy should not be considered sufficient grounds for outright disqualification. The bidder is fully willing and prepared to extend the validity of the Bid Security immediately, if so, required by Competent Authority. Further, the bidder has also informed that disqualifying their bid on this basis and proceeding with the evaluation of a single bidder raises serious concerns regarding fairness.	The Evaluation Committee has examined & informed that as per Clause 26.2 of Section - I - Instructions to Bidders (ITB) it was clearly mentioned that "If the Bid Security furnished does not confirm to the amount and validity period as specified in the Invitation for Bid and has not been furnished in the form specified in Clause 17, the bid shall be rejected by the Employer as non - responsive as per Clause 17 and the Technical Bid and Financial Bid shall not be opened". Moreover the contention of the bidder that the short fall may have arisen due to extension of the tender time is not correct as the subject bid has been opened within the scheduled time and no extension has been given.

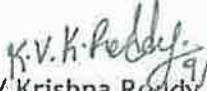

Sl. No	Objections of the Bidder	Comments of Committee
	transparency, and competitiveness in the tendering process. Public procurement procedures are expected to ensure equal opportunity and avoid situations that may restrict fair competition.	Therefore, the contention of the bidder for reconsideration of the decision of Technical Evaluation is not acceptable. Hence, the Committee deliberated to consider the bidder as Non - Responsive and there is no change in the evaluation result declared earlier.

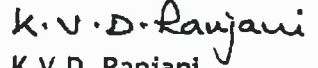

4. In view of the above, the Committee recommends for approval of the Competent Authority to open the financial bid of the technically responsive bidder M/s. S.K. Constructions at 12:00 Hrs on 10.04.2026.
