

Sub: Nomination for PEC

As mentioned earlier, the rates are not considered reasonable. The truck chassis procured for fabrication as an Openhole Tool Van is intended to replace the existing Tool Van, whose roadworthiness is nearing expiration. The Tool Van is used to transport essential logging equipment, which is both sophisticated and delicate, requiring a dedicated van equipped with proper cushioning, airbags, and rollers. Fabricating a new chassis as an Openhole Tool Van is crucial for the seamless execution of logging operations.

Therefore, in accordance with Clause 14.2.9 of the IMMM, it is proposed to constitute a Procurement Evaluation Committee (PEC) to further process the proposal.

As per para 10.3.1 of IMMM, PEC shall constitute one member each from Finance and Indenting section, since the tender value is less than 25 Lakh; Finance has nominated Sh Chetan Makwana, CM(F&A), CPF-106382 vide O.O. MHN/ASSET/F&A/O.O./2024-25/ dated 11.06.2024 for PEC.

CGM(W)-HLS may kindly nominate one executive for PEC.
