	(ii) Details of Two works of value not less than Rs. 4,1552 Cr each & Certifying Authority referred / considered for eligibility	NA	Not Satisfied The bidder has submitted one major road improvement work under the Karnataka State Highway Development Project at Pg. 14-16 having sufficient executed value. However, the submitted LOA/completion certificate does not establish that the work pertains to a Two/Four/Six-lane Highway as specifically required under ITB Clause 4.4A(b). The other works submitted at Pg. 17-20 relate to Smart City roads/Green Mobility Corridor/approach roads and also do not establish the prescribed similar nature criteria. Accordingly, qualifying similar-work experience is not established from the documents furnished. (p.13-20).	Not satisfied. Chunchuluru-Nellore NH-67 NHA certificate indicates total work done value of ₹3.48 Cr; however, the document does not establish that at least 90% of the contract value had been satisfactorily completed within the prescribed qualifying period ending 30.06.2026. The certificate records extended completion up to 31.07.2026 and was issued thereafter on 06.08.2026. Accordingly, compliance with ITB Clause 4.4A(b) for satisfactory completion of not less than 90% within the stipulated seven-year period (ending last day of month previous to the one in which bids are invited) is not established. Among the other submitted experience, only "Routine Maintenance including Incident Management of NH-4, Nagalampalli-AP/Karnataka Border" and "Construction of Bituminous Service Roads in Sargao-Bilaspur Section of NH-49" are supported by acceptable certificates and considered for qualification. The other works are either outside the qualifying period, unsupported by the requisite certification, or otherwise not admissible. Since the two admissible works have escalated values of ₹4.40 Cr and ₹4.02 Cr, against the required ₹4,1552 Cr each, the Technical Ability criterion under ITB Clause 4.4A(b) is not satisfied.
