As per the email communication received from the vendor (Annexure-7), they have confirmed that the price quoted is their best possible discounted price and that they have not offered a lower price for the same items to any other Government or private customer in India. They have also communicated that a published price list for the said items is not available, as they are the Original Equipment Supplier (OES). Further, as per Appendix-6 of Annexure-4 (Page No. 23 of the Price Bid Documents), the vendor has certified that the prices quoted against this tender for the specified part numbers are not higher than the prices charged to any other customer for the same part numbers.

Procurement of the spare part of the microscope is of vital importance to ensure the uninterrupted functioning of the laboratory. May kindly comment on rate reasonability.
