Section V: Summary of Recommendations

Based on the above deliberations, the Procurement Evaluation Committee (PEC) recommends cancellation of the ongoing tender, as the quoted rates are not found reasonable. It is further recommended that the tender to be re-issued to encourage wider participation and improved competition. Prior to re-tendering, the Scope of Work (SOW), Special Conditions of Contract (SCC), price format, sanction amount, and other relevant parameters may be reviewed and revised, if required.
